

Privacy Notice

This privacy notice discloses the privacy practices for the Arduino Total Control App (Play store package name: com.apps.emim.btreelaycontrol). This privacy notice applies solely to information collected by this App. It will notify you of the following:

1. What personally identifiable information is collected from you through the App, how it is used and with whom it may be shared.
2. What choices are available to you regarding the use of your data.
3. How you can correct any inaccuracies in the information.

Information Collection, Use, and Sharing

We are the sole owners of the information collected on the App. We only have access to/collect information that you voluntarily give us via email or other direct contact from you. We will not sell or rent this information to anyone.

We will use your information to respond to you, regarding the reason you contacted us. We will not share your information with any third party outside of our organization, other than as necessary to fulfill your request, e.g. to ship an order.

Unless you ask us not to, we may contact you via email in the future to tell you about specials, new products or services, or changes to this privacy policy.

In addition, the app is capable of recognizing voice commands. This information is only shared to the target microcontroller the user sets up in the app. This information is not shared with anyone. The app also accesses your coarse location, as it is a requirement to connect to Bluetooth devices. Your coarse location is not used for anything else than connecting a Bluetooth device, no one else but you have access to it.

Your Access to and Control Over Information

You may opt out of any future contacts from us at any time. You can do the following at any time by contacting us via the email address or phone number given on the app description:

- See what data we have about you, if any.
- Change/correct any data we have about you.
- Have us delete any data we have about you.
- Express any concern you have about our use of your data.

If you feel that we are not abiding by this privacy policy, you should contact us immediately via email: mr.bushido02@gmail.com.
